

Sustainable Development Manager

(Amsterdam, Fulltime)

Key responsibilities:

- Driving (project managing) the priority action items of Redevco's Mission 2040 relating to the AuM
- Supporting the Asset Management & Development colleagues on raising the sustainability ambitions of each (re)development project in our pipeline
- Providing focused, pragmatic, technical advice to ensure the project ambition levels are achieved
- Staying abreast of latest technological innovations that will further deliver our (operational, embodied, whole life) net zero ambitions
- Screening/selecting appropriately knowledgeable (design team) advisors

Key performance indicators:

- Clear annual progress on execution & delivery of the Mission 2040 workplan actions
- Noticeable improvement of development proposal ambition regarding our net zero ambitions
- Delivery of EI & CI reduction targets post (re)development project completion

Who we are looking for:

- Someone with a "green heart & mind"
- Several years of experience in development or construction management
- A strong communicator; able to 'sell' a story
- Someone with influencing skills
- A creative person, who's looking to try new things to raise the bar
- Knowledge of MS Office (Word, Excel, Power Point and Outlook)

Working relationships:

- Portfolio Directors, Asset Managers, Project/Development Managers
- Global Head of Asset & Development Management
- Head of Innovation, Innovation Manager
- Fund Directors & Investment Managers
- Team Sustainable Business Operations:
 - Head of Sustainable Business Operations
 - Sustainability Manager
 - Corporate Responsibility Manager
 - Sustainability Data Analyst
